

INTEDOOR[®]

BATHROOM FURNITURE

03/2017

Family company

Production of bathroom furniture

INTEDOOR®
**INTEDOOR s.r.o.**

Modern, technologically advanced company based in Czech Republic, about 25 km from the border with Germany, in Cvikov. Family business with 20 years tradition and specialization in the production of bathroom furniture.

Thanks to quality, reliability and design, Intedoor belongs among the foremost European producers in this field. Production is carried out on high-tech production devices, mainly of German origin, in two production plants.

Intedoor is a supplier for several lead European companies - *see references*.

Lubomír Langer
Director

INTEDOOR offers you

Fast and reliable on-time deliveries of desired quantity and assortment

Modern design

Wide range of wood colors and painted colors in high-gloss and matt finish

Unique software for configuration, production and supplies of the custom-made furniture

Professional communication with partners

Quality guarantee

Certified materials from lead European producers

Certified production process - ISO, LQS, TÜV electric equipment and lights

Edge-banding with PUR glue, enhanced protection against humidity

Environmental protection by utilization of BAT technologies

A JOURNEY TO AN UNIQUE INTERIOR

Design your own original bathroom that suits your needs. Show off with your own creation! Plan everything yourself. Everyone will handle it with the custom-made furniture configuration system INTEDOOR.

Custom-made furniture from INTEDOOR will make you different. The planning allows you to choose any combination of colors, materials, shapes and fittings that suit just you.

This way you will imprint an absolutely unique look with your own signature to your interior.

Practical use in the first place

Custom-made furniture from INTEDOOR enables you to use the space effectively.

The useless „dead areas“ with difficult cleaning accessibility will be eliminated. By using your free will to decide about size and number of drawers, shelves and even the way of opening the doors, the storage possibilities will become much clearer to you.

You can plan the dimensions of the **furniture, washbasins and also mirrors** with 1 cm accuracy.

It's entirely up to you

During the configuration you can fully unleash your imagination. Match the colors (there's more than 2000 colors in our offer) into an elegant whole, or create the color contrasts on the contrary.

Get back to retro 60's with round corners, or create a strictly laconic ultra-modern design. Choose natural wood colors shades (23 colors), or painted colors (RAL and NCS) in high gloss or matt finish.

Choose from various **handles, LED lightings, washbasins, mirrors and mirror cabinets**.

See for yourself that there are almost infinite combinations of colors, finishes and shapes.

It is simple and quick!

No fear of difficulties! You will create the **custom-made furniture** from INTEDOOR easily.

That you have never designed any furniture before? Everything was maximally simplified, tested and and proven that really everyone will manage.

Get informed.. Your dealer will allow you to register in.

You will enter the configuration system, which will simply guide you through to create your own project and at the same time you will also see the price. After that you can save your project, your order will be checked by a professional seller (for the completeness, etc.) and then you only need to come to the shop to sign the order.

Saved compositions can be also saved for further processing by your seller as 3D models in the following formats: AmbiVision model (3DS, 3D Studio (3DS) and Collada (DAE).

Create your own world according to your wishes. Get to it now!

Be your own architect / designer / planner

3D configurator

Creative bathroom and room design

Custom-made sideboards, wall-shelves, cabinets

Design your apartment and bathroom individually

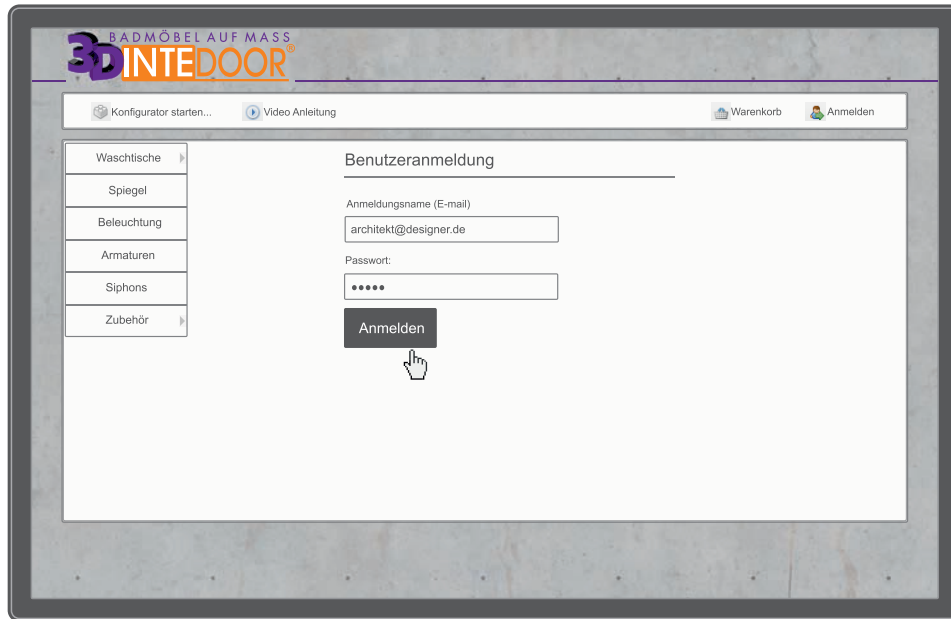

Suitable washbasin cabinets for approx. 500 most common washbasins from well-know manufacturers

(Villeroy & Boch, Keramag, Duravit, Laufen ...)

Technical information

A) Furniture

Fronts 18 – 22 mm

- painted finish MDF 18 – 22 mm, 7-layer coat of PUR (Polyurethane) paint, colors in high gloss, or matt finish, including edges
- wood colors LTD 18 mm + edge banding ABS 1-2 mm in the same color and structure

Corpuses LTD 18 – 32 mm

- painted finish LTD + ABS 1- 2 mm + 2x coat of PUR color in high gloss, or matt finish
- wood colors LTD 18 – 32 mm + edge banding ABS 1 – 2 mm in the same color

Painting

PUR colors are water-resistant, abrasion-resistant and resistant to mechanical damage. Great amount of colors, approx. 2500 in the RAL, or NCS swatch.

Wood colors

MFC material (Egger, Thermopal) is always covered with an ABS edge (Rehau) using PUR adhesives (Jowat). The PUR adhesive is suitable for wet environments and is characterized by the high water-resistance and thermal stability.

B) Fittings (hinges, drawers)

- Hinges (Hettich, Blum, Strong, Grass) are always equipped with a soft closing system made of stainless steel.
 - Drawers (Hettich, Blum, Strong) are always equipped with a soft closing system.
- Drawers are available in several depths (27 - 45 cm), so the cabinets offer maximum storage space. The drawers are available in 3 different heights. You can order organizer for all drawer versions.

C) Washbasins - ceramic, cast marble, glass, Corian

The manufacturers and materials are mentioned in every furniture series.

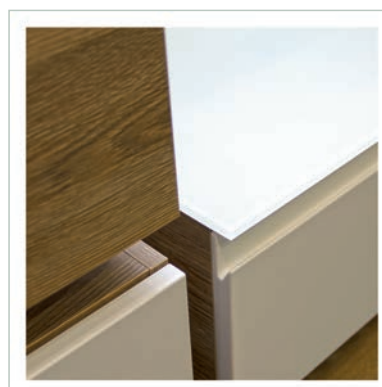

D) Lighting and electrical equipment

- Great selection of LED lighting, individual lamps, but also integrated inside the mirror cabinets, or mirror doors. Options: warm light (3000 K), cold light (6000 K)
 - El. socket + switch Berker, can be chosen in a black, or white color
- All with the protection IP44, which allows a safe installation in accordance with the national regulations. Certification TÜV.

E) Handles – all handles are made of metal and available in chrome, or mat finish !!!

The entire manufacturing process is carried out on CNC machines (Homag, Venjakob ...), which guarantee an excellent edge-processing, drilling, milling, rigidity and rectangularity of the furniture.

The cabinets are supplied fully assembled and prepared for installation.
