Technical drawing of the wall bracket assembly showing dimensions and step 3. The drawing includes the following dimensions and components:

- Dimensions:**
 - Overall width: 1200/1400
 - Overall height: 600/700
 - Horizontal distance from wall to first vertical bar: 43
 - Horizontal distance between vertical bars: 45
 - Horizontal distance from last vertical bar to wall: 43
 - Vertical distance from wall to first horizontal bar: 38
 - Vertical distance between horizontal bars: 45
 - Vertical distance from last horizontal bar to wall: 38
 - Distance from wall to center of first hole: 43
 - Distance from wall to center of last hole: 45
 - Distance between centers of holes: 58
- Components and Steps:**
 - 1:** A screwdriver is shown inserting a screw into the wall.
 - 2:** A screw is shown being inserted into the bracket.
 - 3:** A hand is shown using a wrench to tighten a nut on the bracket.

Diagram illustrating the assembly of the side panel (1) to the frame using screws and a screwdriver.
