Family business

Production of bathroom furniture

INTEDOOR®

INTEDOOR s.r.o.

We are a modern, technologically advanced company based in Czech Republic, in Cvikov, 25 km from the border with Germany.
Family business with tradition and specialization in the production of bathroom furniture since 1999.
Thanks to quality, reliability and design, Intedoor belongs among the foremost European producers in this field. Production runs on the high-tech production devices, mainly of German origin, in two production plants.
Intedoor is a supplier for several lead European companies - see references.

Lubomír Langer
director

INTEDOOR offers you

Technical information

A) Furniture
Front panels - materials of thickness 18 - 22 mm
- Painted finish: MDF + 1-2 mm ABS edge, spraying by PUR (polyurethane) colors in a high gloss or matt finish, hardened by UV radiation.
- Wood-color finish: MFC 18 mm + 1-2 mm ABS edge in the same color.

Corpuses - MFC 12 – 32 mm
- Painted finish: MDF + 1-2 mm ABS edge, spraying by PUR (polyurethane) colors in a high gloss or matt finish, hardened by UV radiation.
- Wood-color finish: MFC 12 - 32 mm + 1-2 mm ABS edge in the same color and structure.

Painting PUR colors are water-resistant, abrasion-resistant and resistant to the mechanical damage.
Matt surfaces come with an anti fingerprint protection. Antibacterial properties of surfaces.

Wood-colors and ABS edges
Melamine-faced chipboard materials are always covered with an ABS edge 0,5 - 2 mm, glued on by PUR adhesives (Jowat).
PUR adhesive is suitable for wet environments and it's distinguished by its high water-resistance and thermal stability.

B) Fittings (hinges, drawers)
- Hinges (Hettich, Blum, Strong, Grass) are always fitted with soft-close.
- Drawers (Hettich, Blum, Strong) are always fitted with a soft-close system too, or Push-to-Open version without handles (InnoTech Atira).
Drawers are available in several depths (27 - 45 cm), so the cabinets offer maximum storage space.
They are also available with 3 different heights and you can order an organizer for all drawer versions.

C) Washbasins
- Ceramic.
- When planning a bathroom, it is necessary to take into account the permitted tolerance in size - 5 to + 15 mm.

D) Lighting and electric equipment
- Wide range of LED lighting, either individual, or integrated inside the mirrors cabinets, or mirror doors.
- El. socket + switch Berker, can be chosen in black, or white color.
All with the protection IP44, which allows a safe installation in accordance with the national regulations. TÜV certified.

E) Mirror glass
- Float 3-5 mm (Saint Gobain) with protection against blinding.

- Double-sided mirror doors 6 mm (Saint Gobain).

F) Handles - made of metal and available in chrome finish throughout the whole assortment.

The entire manufacturing process runs on CNC machines.
Computer-controlled systems guarantee an excellent edge-processing, drilling, milling, rigidity and rectangularity of the furniture.

The cabinets are always supplied fully assembled and ready for installation.
Everything carefully packed inside the 5-layer carton boxes, including corner-protectors made of PVC or polystyrene and stretch foil. The package also contains the installation and maintenance instructions.

CSR GREEN DEAL ESG

Intedoor has been responding to the needs of today's world and committed itself to the social responsibility and sustainable development.

Intedoor has been successfully certified in this area by a renowned foreign auditor, EcoVadis, and awarded a silver medal.
We have thus become one of the few European companies with this certification.

We are proud to announce that in terms of environmental sustainability, Intedoor enters 2022 almost without the influence of harmful or chemical substances and hazardous waste from our activities, thanks to completing the implementation of changes in its technological and production processes back in 2021.

We have also completely eliminated emitting VOCs into the atmosphere and created conditions for a consequent reduction in heat and electricity consumption.

In January 2022, we maintained the ISO 14001 certification and the PEFC certificate.

As a family business, we are starting our 23rd year of operation, including the third generation involved in the company's activities. The sustainability of the company's development is bound with the continuous improvement of the social environment, caring for safety and health protection at work and work team satisfaction.

Intedoor is fully transparent to employees, the community, government agencies and business partners and we have set future goals in the field of environmental protection to ensure sustainable development and increase the level of our social responsibility.

For more information, **see** Intedoor's CSR report at **www.intedoor.cz/en** / about us / company.

The catalogue only shows a part of the manufactured assortment, supplied directly by Intedoor and does not contain the OEM assortment we produce for large customers according to their design requirements.

TARA

TARA

Bathroom furniture **TARA** comes with ceramic counter-top washbasins in sizes 50 and 60 cm with depth 42 cm.
Furniture **TARA** offers a high utility value through its variability and moisture resistance.
Upper cover boards are made of a 1,2 cm thick compact board, a high pressure material HPL with black core.
The cover board has a structured surface and an opening for a towel and is resistant to water and mechanical damage. The cabinets are equipped with a modern soft-close drawer system **StrongMax**.
The storage space can be extended by an open shelf **OALU**, placed under the furniture.

Accessories - see from page **138**.

- With versions with the **OALU** open shelf placed under the furniture you will get more airy storage space.
- The constructions of the **OALU** shelves are made of thin-walled aluminium profiles of thickness 2 x 2 cm, in black color. The base-plate inside the open shelf is made of a board in black color.
- To harmonize the whole look of your bathroom, you can also choose mirrors with black frames on page **123**, **124**, **127** and **128**.
- The cabinets are supplied fully assembled and ready for installation.

How to order a washbasin cabinet and a side cabinet TARA

1) Choose a cabinet.
2) Choose a color.
3) Follow the same steps to order a side cabinet.
4) Accessories like faucets, siphons, different organization trays and others, you can find from page **138**.
5) Mirrors, mirror cabinets and lamps you can choose starting from page **118**.

KRIOS

KRIOS

Bathroom furniture **KRIOS** is fitted with ceramic washbasins in sizes 61, 81, 101 and 121 cm.
Depth of the washbasins is 46 cm. Subtle ALU construction with inserted drawer cabinet and storage space.
Another variant is **KRIOS DESK** bathroom furniture with round ceramic countertop washbasins with 35cm in diameter and height of 12 cm, in glossy white and matt black color.
The cover boards are made of a 1,2 cm thick compact board, a high pressure material HPL with black core.
The solid cover board with a structured surface is resistant to water and mechanical damage.
The cabinets are equipped with a modern soft-close drawer system **StrongMax**.

Accessories - see from page **138**.

- The surface of the countertop washbasins is easy to clean in both glossy white and matt black.
- For the side cabinets **UNI**, starting on page 102, please select color **A3416**. We recommend a handleless push-to-open version.
- To harmonize the whole look of your bathroom, you can also choose mirrors with black frames on page **123**, **124**, **127** and **128**.
- The cabinets are supplied fully assembled and ready for installation.

How to order a washbasin cabinet and a side cabinet KRIOS

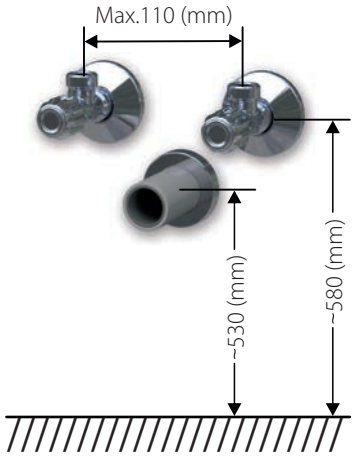

1) Choose a cabinet **KRIOS**.
2) ***For the side cabinets **UNI**, starting on page **108**, please select the painted color **A3416**.
We recommend to choose the handleless version - Push to open (**PU**).
Optional accessories for side cabinets **UNI** for **KRIOS** series, are shown on page **115**.

E.g.	Furniture code KR 80 1Z W A3416

E.g.	Furniture code ***UNI SV 162/35 2D P**	Color A3416	Handle PU

Plumbing installation heights

Recommended saving siphon **OXO D US660**, with adjustable height and depth, for furniture washbasins, to be found on page **149**.

5Y warranty

Painted color

A3416
White
MATT

Melamine faced and painted boards have excellent antibacterial properties with a capability of significant reduction of bacteria and germs on the furniture surface within 24 hours.

White painted color comes in deep matt.
The matt surface has an anti-fingerprint protection.

Side cabinets

The side cabinets a made in the same design as washbasin cabinets.
Cabinets are equipped with **Hettich Innotech Atira** drawer system.
Cabinets with doors come with handleless **Push to open** system and adjustable glass shelves.
Depth of the side cabinets is 35 cm.
The storage space can be extended by the **OALU** shelf placed under the furniture.

Accessories - see page **138**.

- With variants with the **OALU** open shelf placed under the furniture you will get more airy storage space.
- The constructions of the **OALU** shelves are made of thin-walled aluminium profiles of thickness 2 x 2 cm, in silver-grey color. The base-plate inside the open shelf is made of a board in the same color as furniture.
- The cabinets are supplied fully assembled and ready for installation.

ACCESSORIES

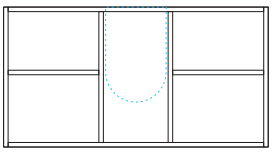

Drawer trays / organizers

Standard color: white

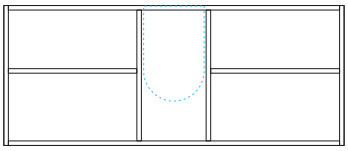

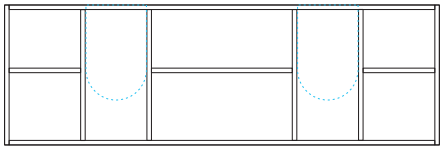

PR K1
For drawers w. 550 - 650 mm

PR K2
For drawers w. 700 - 850 mm

PR K3
For drawers w. 900 - 1100 mm

PR K4
For drawers w. 1150 - 1200 mm

How to order an organizer.

1) Choose a cabinet with drawer(s) (Furniture code).
2) Select the organizer **PR K** and the number of desired pieces.
3) Indicate if it's for upper or lower drawer.

E.g.	Furniture code	Organizer code
	OXO MULTI OALU 140D 2Z KDP	**PR K2/2ks**

Furniture legs and supports

Furniture legs make it easier to install bathroom furniture where it is not possible to hang the cabinets firmly and securely on the wall. For example, in case of walls made of different kinds of gypsum plasterboards. We offer legs for both washbasin cabinets and side cabinets.
Consoles (supports) serve as supporting elements for the top plates under the counter-top washbasins. At the same time, these supports can be used to hang towels and bath towels.

Hidden consoles (supports) for the washbasin plates are automatically included for series DESK NEW a FORTY.

Electric equipment for drawers and side cabinets

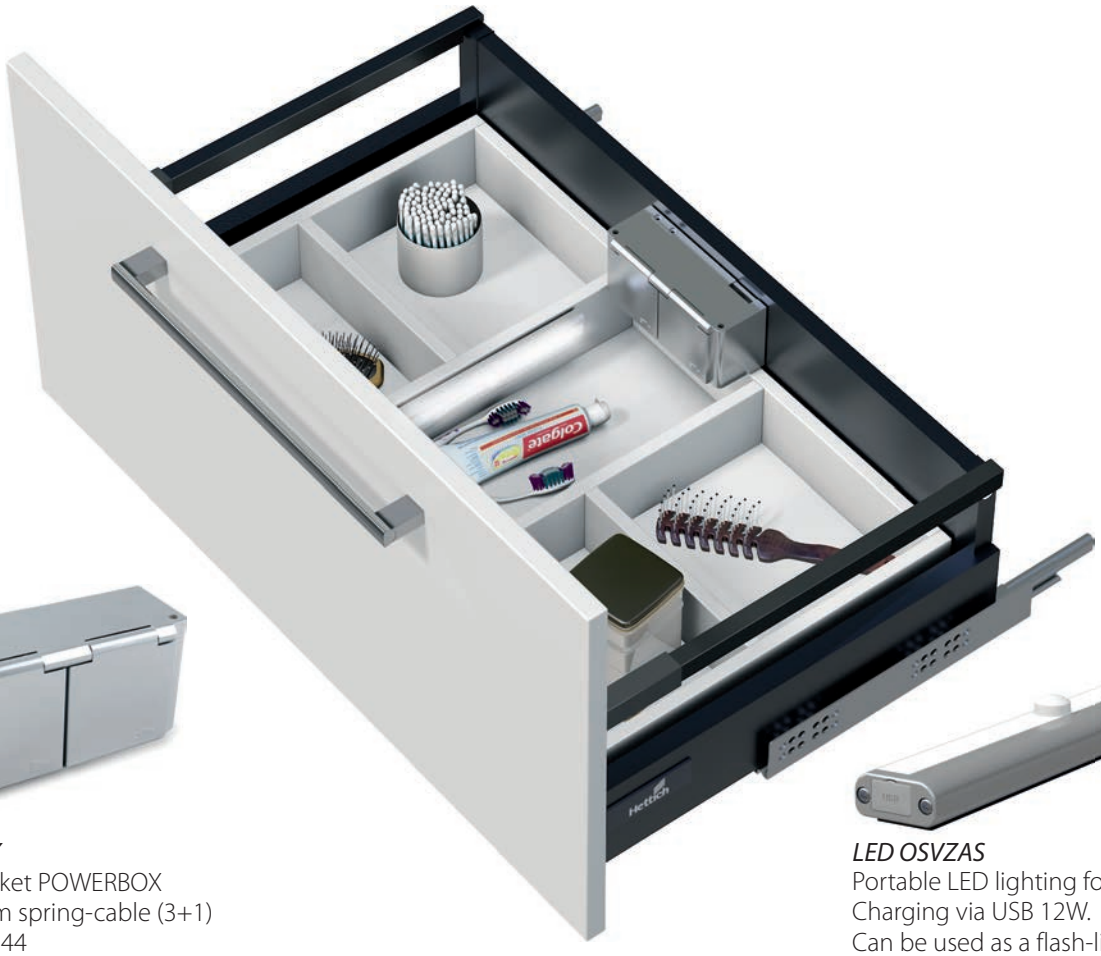

A practical el. double-socket **POWERBOX** is suitable for charging sonic toothbrushes, etc.
We also offer a portable LED lamp with sensor **LED OSVZAS**, which illuminates the interior of the furniture upon opening the doors or drawers.
Very simple and fast mounting on a self-adhesive magnet. Charging via USB cable.

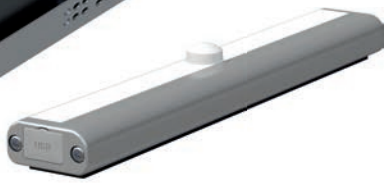

- You will appreciate the **POWERBOX** electric double-socket in the side cabinets, where allows you to charge your personal devices hidden out of the reach of children and no cables will obstruct your feet.

- In the event of a power outage, the **LED OSVZAS** serves as a practical flashlight.

Electric equipment for drawers and side cabinets

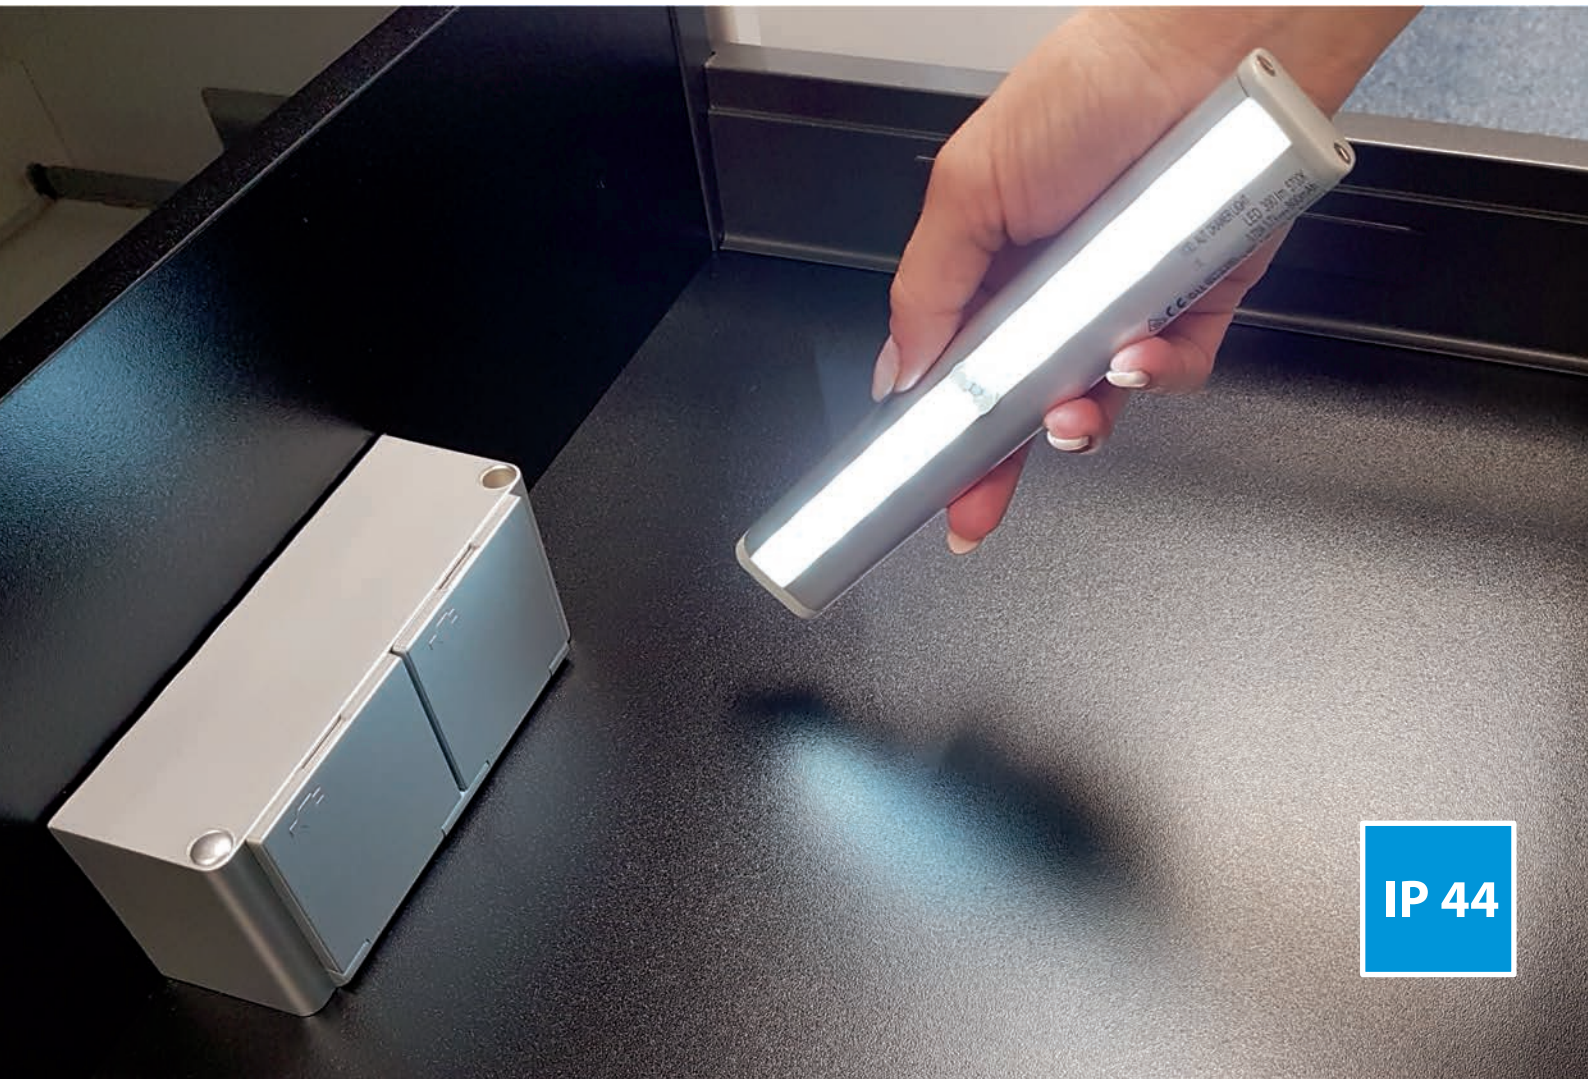

POWERBOX
Double-socket POWERBOX
with a 50 cm spring-cable (3+1)
250V AC IP 44
For charging el. toothbrush, etc.

LED OSVZAS
Portable LED lighting for drawers/cabinets.
Charging via USB 12W.
Can be used as a flash-light in case of
electric outage. Energy class G.
